Hi Kathy

On Thursday, March 28th, ADEQ will be presenting the findings of the technical working group on 404 assumption and ESA. I have attached the white paper for your consideration. ADEQ may seek input from EPA on this issue, although last week we learned ADEQ reached out to David Ross to schedule a meeting with HQ separately.

Tomas Torres and Sam Ziegler will be participating in the meeting scheduled from 10:30- 12:30 PT. Would you be interested in participating? I anticipate discussion regarding partial assumption (see Option 2 and the Westland Resources' minority opinion). I have attached the agenda with call-in information.

I am on leave next week, but Sam is available to discuss this with you.

Thanks! Liz
